_____ **OR ANONYMOUS** _____

Legal Business Name: (if different from above)

Mailing Address: _____

City: _____ **Province:** _____ **Postal Code:** _____

Contact: _____ **Email:** _____

Phone: _____ **Mobile:** _____

Charitable Tax Receipts vs Promotional Receipts (RDRHF is under obligation to follow CRA guidelines without exception):

Charitable tax receipts are issued to individuals **only** and are calculated based on the donation less the value of any benefits received by the donor. To receive a charitable tax receipt for a donation, the payment must be issued from a personal bank account. Charitable tax receipts **cannot** be issued for donations made from a business account, or from a personal account where a business is promoted through the donation. The same is true for gift-in-kind donations.

Promotional tax receipts are issued to companies or individuals who donate from their business bank account and receive promotional benefits (like signage) for the business.

Gifts in Kind: As per CRA regulations, all gift-in-kind donations of \$1,000 or more must be accompanied by proof of value in order to receive a promotional tax receipt or charitable tax receipt.

Cash: \$ _____ **GIK:** \$ _____ (not including GST) **Total:** \$ _____

The Fundraising Cause for 2026:

As the only referral hospital in Central Alberta, Red Deer Regional Hospital Centre stands at the centre of the region's most urgent and complex medical needs. To deliver exceptional care, hospital expansion is underway but must be accompanied by investments in advanced technology and highly skilled professionals. Your sponsorship of Red Deer Festival of Trees will help ensure critical tools arrive on time, not years after the building opens.

Some of the extraordinary enhancements already in progress include: an interim cardiac catheterization lab opening in 2027, a Da Vinci Surgical System, an MRI imaging unit, and advanced education and training for healthcare teams who will use this technology. These investments mean reduced wait times for diagnosis and treatment, less travel outside the region for care, safer procedures, and greater ability to recruit and retain top healthcare professionals.

Thank you for your generous support!
